THEO. P. HAUGHEY, Pres't. E. E. REXFORD, Cash

CONDITION OF THE MARKETS

Russian War Scare Turns Out to Be a "Bull" Fabrication, Pure and Simple.

Nervous "Shorts" Forced Chicago Wheat Upward for a Time, but It Fell and Closed at 94 1/2c-Corn and Oats Sympathetic.

MONEY, STOCKS AND BONDS.

Shares Were Lower, and No Attempt Made to Boom Prices. NEW YORK, Oct. 22.-Money on call was easy, ranging from 3 to 312 per cent., the

last loan being made at 3; closing offered

at 3 per cent. Prime mercantile paper 54 @612 per cent. Sterling exchange was quiet and firm at \$4.81 for sixty-day bills and \$4.84 for de-

mand. The total sales of stocks to-day were 240,758 shares, including the following: Atchison, 34,250; Canada Southern, 13,670; Chicago Gas, 4,210; Delaware, Lackawanna & Western, 6,368; Erie, 25,525; Lake Shore, 3,324; Louisville & Nashville, 8,200; Missouri Pacific, 6,390; Northwestern, 9,313; New York Central, 8,016; Northern Pacific preferred, 8,000; Reading, 4,430; St. Paul,

The stock market was much less active to-day than yesterday, and the very promising upward movement received a check, and the result of the day's trading is to leave most stocks fractionally lower than last evening. The market opened down small fractions, the result of selling orders of some magnitude from the other side of the ocean, and this so surprised the local operators that no effort was made to lift prices in the face of the limited selling by the foreigners. The news of the day, as far as domestic affairs went, was uniformly favorable. The feature of the day was still the unusual strength in the Vanderbilt stocks, and Canada Southern scored a gain of 1 per cent, at one time. The street has settled down to the opinion that there is to be mereased dividends on these properties, and therefore their prices go up without the purchase of large amounts of stock. There were only two weak points in the market to-day, one being Northern Pacific preferred, which was allowed to slowly settle down and finally to close with a material loss for the day, and the other was Sugar, which scored a more substantial decline after some wide fluctuations on small transactions. The activity, however, was all in three stocks-St. Paul. Atchison and Erie. The movements, even in these shares, were unus-ually lacking in interest, and St. Paul, the most active stock of the day, showed an extreme fluctuation of only 3s per cent. Prices, however, slowly settled down, with a few interruptions by the advances scored by Canada Southern and Northwestern on spurts. The market finally closed dull but heavy under some pressure, generally at small fractional losses from last night's figures. Sugar, however, is down 1%, and Northern Pacific preferred 1% per cent., while Lackawanna and Louis-

ville lost % each.
Railroad bonds were less active and displayed less feature than yesterday, but \$1,-541,000 were traded in, the tone being firm throughout, and most issues showing small gains for the day. Important changes are few, however, and only Atchison incomes were specially active.

Government bonds have been dull but firmer, and State bonds entirely neglected.

TRADING AT CHICAGO.

"Bulls" Resorting to Every Device to Make Higher Prices in Grain. CHICAGO, Oct. 22.-Wheat was excited and nervous throughout the session. The opening was easy and close to the closing agures of vesterday, but the "shorts" were scared and nervous, and proceeded to cover. The ground-work of their fear was a sensational dispatch, published after the board closed yesterday afternoon, to the effect that Russia had captured the approaches to Constantinople and that that city was at their mercy. The result was an excited "bull" flurry on the curb yesterday afternoon, on which calls sold up 3c. The truth of the report was positively denied this morning, but the "shorts" were too badly panie-stricken to recover at once and their purchases caused a moderate advance in the early dealings. Cables also reported the foreign markets generally strong and higher; consuls were a fraction off, and Henry Clews telegraphed from New York that London was a free seller of securities, presumably on uneasiness in apprehension presumably on uneasiness in apprehension presumably on uneasiness in apprehension growing out of the alleged overt act by Russia. The same dispatch said that it was reported from Paris that the Russians were within three days' march of Constantinople and would soon occupy it. While most of the operators in the wheat-pit professed to utterly discredit this news, it nevertheless increased the feeling of nervousness and caused a further advance. "Shorts" continued to cover and "longs" were loth to let go of their holdings. Later, when the crowd got over its scare, the selling became about as urgent as the buying had previously been and all the improvement was soon lost, together with as much more on the other side. De-

ing up early, partly in sympathy with the strong feeling it wheat, but later it broke off some when wheat began to weaken. The business was not as animated as yesterday, as the most nervous "shorts" had apparently covered. Cables quoted Liverpool 1d higher. November opened 1sc off, at 491sc, advanced to 501sc, declined to 491sc, atrengthened to 503sc, broke to 493sc and closed steady at 49%c. Oats were again firm early, but softened later in the day. Heavy export buying is still reported. Some dispatches, however, deny the Russian prohibition on which the market got strength yesterday. The close shows an advance of sale compared with

with as much more on the other side. De-

cember opened 'sc lower, at 95 sc, sold steadily up to 96 sc, broke to 95 c, rallied

to 95%c, but on renewed heavy selling went off to 94%c, fluctuated narrowly and closed weak at 94%c, against 95%c at the close

yesterday. Ream and Cudahy were said to

have covered a good deal of wheat on the early strength, but Linn sold heavily on

Corn was active and generally firm, sell-

the advance.

Hog products were generally firm, largely in sympathy with the early strength in grain, but much of the advance was lost during the last hour. Fork shows an advance at the close compared with yester-day of 712@10c; lard is .0212@.05c lower, except January, which is unchanged. Ribs are.0212 @.10clower, except January. which. like lard, is unchanged. The leading

THE FLOUR TRADE.

Slight Falling Off in Demand-Output o

Mills at Various Points. MINNEAPOLIS, Minn., Oct. 22.-The Northwestern Miller says: "The flour trade does not appear to have been quite as brisk for a week back as during the preceding week. At least, millers report, in a majority of cases, that they have not made fresh sales equaling their output, though this, to some extent, was attributed to the fact that they were sold ahead as far as they cared to be, and kept off trade by asking pretty stiff prices. The weakness in wheat has also tended to scare off buyers. The high ocean rates, which are still advancing, work against exporting, and sales in this direction have been curtailed on all grades. The export demand for patent, however, still remains fair. The direct exports of flour for the week were 86,185 bris, against 72,825 bris the preceding week. The appended table gives the output of flour at

MINNEAPOLIS, Oct. 22.—The wheat market was up and down to-day, and in about equal proportions. The general feeling was bullish. The market closed last morning at 89%c, but the rally past 90c was prompt. Then it went to 90%c, but dropped Sheep and Lambs—Recei

ate rally which showed how ready the market was to respond to any influence either way. Then a break came, and in a few minutes 90c was again the price. Cash wheat was quite a drive, the demand for No. 1 Northern being especially good because it is not very plenty, although there were more offerings to-day than yesterday. Low grades were plenty. The opinion is quite general that the North Dakota shocked wheat damaged by rain will grade about No. 3, which, if it holds out to that, would mean a loss of about 10c a bushel on a large portion of it. Receipts of wheat were 534 car-loads. Close: October, closed at 984; December, opening at 894c, highest 904c, lowest 895c, closing at 894c; May, opening at 97 sc, highest 971sc, lowest 964c, closing at 964c. On track, No. 1 hard, 90c. No. 1 Northern, 89c. No. 2 North-

BALTIMORE, Oct. 22.-Wheat firmer; No. 2 red, spot, \$1.0134 @ 1.013; October, \$1.01 % @1.01 %; December, \$1.05 % @1.05 %; May, \$1.10 %; steamer No. 2 red. 97c; receipts, 34,087 bu; stock, 1,306,001 bu; sales, 145,000 bu. INDIANAPOLIS MARKETS.

Trade Still Rather Quiet-The Sugar Market Unsettled-Poultry Weak. INDIANAPOLIS, Oct. 22.-In most de partments trade fails below expectations of the early part of the month, with prices in some lines unsettled. Sugars, which declined on Wednesday, to-day were slightly firmer. Hens and chickens are quoted at ? cents, but some of the shippers are paying 712 cents on good stock. The flour market seems to be working into better shape. The Boston Journal, a good authority on this market, says: "No large orders are recorded as having been placed with the mills, but an amount of small and average orders enough in extent to make a good week's business. The fact that jobbers have been obliged to buy, and have taken only small lots as a rule, indicates that their stock in hand must be light, and therefore the milis are looking forward to a good winter trade, which will more than offset the duliness that has prevailed during a good part of the fall months. The tone of the market is steady and the mills are not disposed to grant concessions. Wheat is still too high to admit of much of a drop in flour. Besides, the mills are very well employed, and some of them are sold well ahead, either on flour for home use or for e port. The best authorities on the situation seem to consider that prices of flour will be maintained about where they are for some time to come. There is no reason to believe that they will go any lower, and a material advance seems improbable." In fruits and vegetables prices carry a better tone, and higher prices on several articles are indi-

The local market is dull. Wheat was slightly firmer to-day; corn steady at Wednesday's prices, and oats firmer. Track bids to-day ruled as follows:

Wheat-No. 2 red, 94c; No. 3 red, 90c rejected, 80 a 85c. Farm Notes.

Flavoring butter with the odor of fresh flowers is one of the arts of the French peasantry. The process is very simple and consists of putting the little prints, which have first been wrapped in a thin cloth, into a tight porcelain dish on a bed of roses, or whatever blossoms are chosen. Among the flowers which give the most desirable results are clover and nasturtiums. Notwithstanding the recent financial flurry in the Argentine Republic, that country is making very rapid advances in agriculture, and premises soon to become a great factor in supplying the world's food products. There are indications that i will be our greatest and most dangerous competitor in that line. One item that shows what they are doing in agricultural development is the fact that an order was placed last winter with one American manufacturer for 25,000 plows. In some sections, where apples are difficult to keep in a cellar, the best method adopted, after repeated experiments, is to pack the apples in boxes and bury the boxes in the ground. Only perfect apples, fully ripe and hand-picked from the tree, will answer. Fallen apples or apples that are in the least degree injured or diseased. should be excluded, as they will injure those that are sound. The apples should not be picked until they have remained on the trees as long as possible.

The next important step forward which we should take in our farm practice is the substitution of soiling for pasturing. This will be even a greater and more valuable

"A woman best understands a woman's ills."

"To what recognition is a woman entitled whose sole ambition in life was to do good to others, and the fruit of whose labors has proved a blessing to the civilized world?"

"ONE BOTTLE BROUGHT ME OUT OF BED."

BALTIMORE, OCT. 30, 1890. Having seen your advertisement in Tuesday's paper, I have concluded to send for your book (entitled "Guide to Health and Etiquette"); inclosed find two 2-cent stamps. I have used your vegetable compound, and without mistake I believe it to be the best medicine ever used. I was prostrate; one bettle brought me out of bed, and three got me up so that I could do the housework. May you be as successful in the future as you have been in the past, for everybody gives praise to your medicine. Yours truly, JOSEPHINE SCHOENBORN, 713 Baker St., Baltimore City, Md.

LYDIA E. PINKHAM'S VECETABLE Is the only Positive Cure and Legitimate Remedy COMPOUND

for the peculiar weaknesses and ailments of women.

value to ladies. We will present a copy to anyone addressing us with two 2-cent stamps.

YOU NEED IT IN YOUR HOUSE.

THE DAILY JOURNAL

At 15 Cents a Week.

On Aug. 28 the proprietors of the Journal announced that, beginping Oct. 1, the price of the Daily would be reduced to 15 cents a week, er 20 cents, including the Sunday issue. During September the subscripdion list increased with astonishing rapidity, and the Journal opened the month of October with a list of subscribers larger by thousands than at iny previous time. The Journal, in its various editions-Daily, Sunday and Weekly-treats Home and Foreign Events of all descriptions with a fullness and completeness not attempted by any other newspaper in Indiana. Among the newspapers of the State it is pre-eminently the best, and Indiana readers can nowhere else find what they want in the way of State and local news. It circulates largely in every county in Indiana, and has correspondents in every town and village of importance. This feature of the Journal, during the ensuing year will be kept up to its present high standard of promptness and accuracy, and the service will be im-

proved wherever it may be needed. The Journal's market reports are prepared with the greatest care possible, and no pains or expense are spared to make them accurate and ab-

solutely reliable. The Journal is the only newspaper in the State owning and publish. ing all the news furnished by the two great press associations (the Western Associated Press and the United Press), in addition to which it fur. nishes an abundance of special service from all the principal cities of the country. It has been, and will in the future be, the aim of the publishers of the Indianapolis Journal to furnish a perfect and complete news-

paper, deficient in no department or particular. No Indiana reader, certainly no Indiana Republican, should be without the Journal. While it is thoroughly and soundly Republican in politics, devoted to the interests of the Republican party, the Journal will not allow its news to be colored by partisan bias, but will give the news of the day without fear or favor.

Especial attention is invited to the merits of

THE SUNDAY JOURNAL

A large, handsomely printed paper, never less than twelve pages in size, frequently sixteen or twenty, and which will be increased in dimensions as the exigencies of business may require and justice to the reader demand This issue presents a very large amount of the best current literature, including stories, poems and sketches by many of the best known and most popular writers of the time. The publishers ask examination and comparison of this issue with any paper of similar character published or sold in Indiana. The SUNDAY JOURNAL can be subscribed for and received exclusive of the Daily Journal.

THE INDIANA STATE JOURNAL

(THE WEEKLY EDITION),

One Dollar per year, has a circulation extending to every county in Indiana and adjacent territory. It is a complete compendium of the news of the week, accompanied by the latest market reports, and special departments devoted to agricultural, horticultural and household topics. It is complete in every department.
